

Navan Camera Club

Competition number 3 "Textures"

Novice Mono:

21: The DOF is too shallow, DOF situated around rule of thirds would be better for composition. Check printing as there are lines through the picture.

36: The image is slightly under exposed. A reflector board to lighten up the face could be a handy tip for the next attempt. A shallower DOF to blur out the background would enhance the image.

39: Over exposure in the bottom left is a bit distracting. Would have improved composition if the photograph was zoomed out a little to accommodate for more "lines" through the image.

61: Keep an eye on exposure, Burn tool in Photoshop to tone down the grass in the background on the right could improve the image. A bit of contrast would improve the image as well. (Novice mono winner)

Novice Colour:

21: The image is slightly out of focus. DOF to blur out the bigger leaves would improve the image. Check printing as there are lines through the picture.

36: A bit of lighting on the front of the basket to show the textures would improve the image.

39: Keep an eye on the exposure. Around the ladybird's head is over exposed

61: Nice textured image

93: Great image. Would work lovely as a B&W (Novice colour winner)

Novice Digital:

20: Image needs a focal point.

21: Lovely image. Try cropping into a portrait to remove the empty space in the image.

22: Nice colour range. Try a shallower DOF to blur out the last row.

36: The image is slightly out of focus on the red flower.

39: Nice image

61: Great image. Nicely spotted (Novice digital winner)

Intermediate Mono:

15: Nice Image

17: A tighter crop could help

50: Nice image

57: Lovely image (Intermediate mono winner)

63: The image is slightly out of focus. Would have been nice to see a bit more space around the finger tips

83: Nice image

Intermediate Colour:

15: Nice image

17: A bit of lighting could help the image

50: Very good image. (Intermediate colour winner)

57: Very good

63: Nice. The focal point is in the middle of the image, Try putting it on rule of thirds to help the composition

83: Lovely image

Intermediate Digital:

15: Nice image

17: Nice image

44: Well spotted on the focal point

57: A bit of a deeper DOF to get the point in focus would help the image

63: Lovely image

64: Lovely image (Intermediate digital winner)

83: A very busy image. A focal point would help the image

Senior Mono:

4: The focal point is around the chain. Rule of thirds would help the image.

45: Nice image

54: Keep an eye on the lighting in the image. It's a very busy image, a point of interest would help the image

62: Try cropping an inch off the right side of the picture to balance the image

66: Great use of textures. Well spotted (**senior mono winner**)

Senior Colour:

4: Rule of thirds would help the image.

26: Keep an eye on the lighting in the image

45: Lovely image. The blue ball is a bit of a distraction from the focal point.

54: Try crop an inch off the right to help the composition.

62: Lovely image

66: Tomato at the rule of thirds would improve the picture. (**senior colour winner**)

Senior Digital:

4: Nice image

26: Needs a point of interest. It's a very busy image

45: Nice image

54: Nice image (**senior mono winner**)

62: The image would be better without the photoshoped blurred area

66: Nice image

Club Outing:

Printed:

15: Great image (outing winner)

63: Nice image

Digital:

4: Nice image

21: Great image. Some land in the bottom of the shot to show their height would have been nice to see

26: Nice image

44: Nice image. It is a bit busy as my eyes jump between 3 people in the image. The 2 in the air and the one in front. A single focal point would improve the image.

45: Great image. Some land in the bottom of the shot to show their height would have been nice to see

50: Would have been better as more of a silhouette

57: Nice attempt at panning

Overall winner

1st Intermediate colour member 50

2nd Senior colour member 66

3rd Senior mono member 66
